

## Elements of the Periodic Table You Need to Know

| atomic # | symbol | element name |
|----------|--------|--------------|
| 1        |        |              |
| 2        |        |              |
| 3        |        |              |
| 4        |        |              |
| 5        |        |              |
| 6        |        |              |
| 7        |        |              |
| 8        |        |              |
| 9        |        |              |
| 10       |        |              |
| 11       |        |              |
| 12       |        |              |
| 13       |        |              |
| 14       |        |              |
| 15       |        |              |
| 16       |        |              |
| 17       |        |              |
| 18       |        |              |
| 19       |        |              |
| 20       |        |              |
| 22       |        |              |
| 23       |        |              |

| atomic # | symbol | element name |
|----------|--------|--------------|
| 24       |        |              |
| 25       |        |              |
| 26       |        |              |
| 27       |        |              |
| 28       |        |              |
| 29       |        |              |
| 30       |        |              |
| 33       |        |              |
| 34       |        |              |
| 35       |        |              |
| 36       |        |              |
| 38       |        |              |
| 46       |        |              |
| 47       |        |              |
| 50       |        |              |
| 51       |        |              |
| 53       |        |              |
| 56       |        |              |
| 78       |        |              |
| 79       |        |              |
| 80       |        |              |
| 82       |        |              |
